Drunken Happenings Here's How You Play:

You start crawling at 3 PM and have 6 hours to visit the top 7 bars listed below and order the recommended drink. This gives you 45 mins @ 6 bars and 90 mins at 1 bar where we suggest you eat. When you order your drink from the bars below we will check the box on the back of your shirt to show you completed. You can create your own pubcrawl and can go at your own pace but you must be at O'Neill's at 9 PM. O'Neill's will be the final stop and watering hole for the ones that do survive. Hope to see you all there drinking triple, seeing double and acting single!
